In an amusing example of the limitations of universal symbols, one of Freud's patients, after dreaming about holding a wriggling fish, said to him 'that's a Freudian symbol - it must be a penis!' Freud explored further, and it turned out that the woman's mother, who was a passionate astrologer and a Pisces, was on the patient's mind because she

Read Book Be Freud One Of The Most Powerful

Sigmund Freud didn't exactly invent the idea of the conscious versus unconscious mind, but he certainly was responsible for making it popular and this was one of his main contributions to psychology.. Freud (1900, 1905) developed a topographical model of the mind, whereby he described the features of the mind's structure and function.
