Free-Ebooks.net is a platform for independent authors who want to avoid the traditional publishing route. You won't find Dickens and Wilde in its archives; instead, there's a huge array of new fiction, non-fiction, and even audiobooks at your fingertips, in every genre you could wish for. There are many similar sites around, but Free-Ebooks.net is our favorite, with new books added every day.

### **Beyond The Banality Of Evil**

With a focus on the disarticulation of personal culpability among ordinary perpetrators, Beyond the Banality of Evil questions the effectiveness of individual-level guilt imputation in these politically based, collectively orchestrated crimes, and raises doubts about the utility of criminal indictments that have evolved in the context of models of individual misconduct.

Beyond the Banality of Evil represents an attempt to move criminology from its core (domestic crimes) to its periphery (international crimes). For those unaware, the phrase 'banality of evil' was first coined by the famous German-Jewish political theorist and philosopher Hannah Arendt while covering the 1961 trial of Adolf Eichmann in Jerusalem.

BEYOND THE BANALITY OF EVIL We must start by acknowledging that human evil is not banal in the sense of being simple. As shown above, people do not follow brutal leaders or enact brutal roles in groups unquestioningly and automatically. For those who eventually succumb, the journey to the depths of depravity is conscious and demanding.

Arendt, Milgram, and Zimbardo played a critical part in taking us beyond reductionist explanations of tyranny as a simple product of pathological individuals. But now, their reductionist explanations of tyranny as a simple product of patholog- ical situations—the banality-of-evil hypothesis—seem equally untenable.

A widely researched and carefully argued intervention in genocide studies from the perspective of criminology, Augustine Brannigan's Beyond the Banality of Evil is an important book, not least because the intersection between these two fields seems so obviously illuminating yet is so little investigated. Reviewing and analyzing a vast array of research on criminality, violence and atrocity, Brannigan engages work from multiple disciplines, drawing on, for example, the experiments of social ...

Zimbardo warns that the banality of evil is an ever-present possibility for leaders and followers (Zimbardo, 2007, pp. 435-7). The phrase "the banality of evil" derives from an influential study by philosopher Hannah Arendt, Eichmann in Jerusalem, A Study in the Banality of Evil (Arendt, 1963/2005).

### **Beyond the banality of evil: conscience, imagination and ...**

Beyond the Banality of Evil is a work of major consequence. It brings to bear a lifetime of thought on unspeakable crimes ignored by criminology. Brannigan's book deserves to be read time and again by those interested in concentrated evil and superb scholarship. (Travis Hirschi, Regents Professor Emeritus at the University of Arizona)

### **Beyond the Banality of Evil: Criminology and Genocide ...**

In an anarchical international order mediated by the current UN, the world does not have a reliable capacity to prevent genocide. However, there is an increasing appeal of evolving norms regarding the international responsibility to protect (R2P) vulnerable communities worldwide, and hence to renegotiate the scope of sovereignty. This supersedes the earlier doctrine of humanitarian intervention.
