An introduction to why we use t statistics. If you're seeing this message, it means we're having trouble loading external resources on our website.

Introduction to t statistics (video) | Khan Academy

In statistics, we try to make sense of the world by collecting, organizing, analyzing, and presenting large amounts of data. For example, you may survey your friends about what tv show is most popular, but the small sample size will not give you an accurate idea of what ALL 6th graders like to watch. To do this you must survey a cross section of students from all around the country and all ...
