correspondingly simple!

You can search for a specific title or browse by genre (books in the same genre are gathered together in bookshelves). It's a shame that fiction and non-fiction aren't separated, and you have to open a bookshelf before you can sort books by country, but those are fairly minor quibbles.

The fourth edition of BJU Press's Earth
Science targets students in eighth
grade, although it might be used with
seventh graders as well. The text covers
both earth and space science, but space
science is taught in only the last of the
course's six units.
