### Expeditions - Apps on Google Play

View the list of available expeditions in a web browser, return to the Expeditions app, search for that title, and download it on your device. To learn more about using Expeditions in your lessons, try these resources: Google for Education Training Center—Teach beyond the four walls of your classroom.

### Expeditions resources - Expeditions Help

Expeditions in Your Classroom engages students by providing the opportunity to explore and apply important concepts and rules from subject areas to real-life situations. There are ten expeditions within each book. Each is designed to leave a lasting mark as students address real-life situations with real-life themes.

### Expeditions in Your Classroom | HBE

The Google Expedition forms the start of the lesson - although the app contains detailed notes in the teacher guide, this expedition is better with no commentary. Students needs to look around and suggest reasons for the images seen. Following this, the mystery cards can be used to help students understand the events which led to the disaster.

### Tes & Google for Education

An introduction to using Guide mode in Google Expeditions. My recommendation for a cheap VR viewer is this one from Printor: <https://amzn.to/2PArsSL>.

### How to Use Google Expeditions as a Teacher

Expeditions is a boon to foreign language teachers, who can use the immersive world as a novel opportunity to practice a variety of language skills. In some cases, they can even enter into a setting in which the target language is normally spoken. Art and creative writing students will surely be inspired by what they see in virtual worlds.

### Using Google Expeditions in the Classroom - The Tech Edvocate

To use Google Expeditions in a group setting, you need to buy an Expeditions kit or build your own. You can also explore on your own using a compatible device. Option 1: Buy a kit. You can buy a kit that's compatible with virtual-reality (VR) tours or one that's compatible with VR and augmented-reality (AR) tours.

### Get an Expeditions kit - Expeditions Help - Google Support

Since 2015, educators have been using Expeditions to bring lessons to life with the power of virtual reality. As part of our wider Grow with Google efforts, we're bringing even more immersive learning experiences to classrooms through the Google Expeditions AR Pioneer Program. With augmented reality, students can explore the eye of a tornado or step foot in historic landmarks by interacting with digital objects right in front of them.

### Pioneer new lessons in your classroom with Google Expeditions

A number of the Expeditions have links to potential lessons that correspond with the virtual world. There is a linking capability so that teachers can share their own lessons with others. The supported teaching points within the program allow a teacher to add factual data to the virtual experience, and to point out specific things.
