What is so neat about "Fighting Light Pollution: Smart Lighting Solutions for Individuals and Communities" is that it not only enumerates the problems for the uninitiated, but also devotes the last half of the book to practical and cost-effective solutions. Happily, the technology is rapidly evolving.

Smart lighting - Wikipedia

Light pollution is a side effect of industrial civilization. Its sources include building exterior and interior lighting, advertising, commercial properties, offices, factories, streetlights, and illuminated sporting venues. Light pollution is one of the easiest pollutions to clean up.
