Unless the SHTF, we're foraging for fun and practice, but wildlife depends on these food sources to survive. Never pick a source of fruit to exhaustion, and don't return to the same places often. Exhausting these sources of food is detrimental to wildlife, the future condition of the plant you're harvesting, and potentially paints a target on your back if you're passing through the ...

Meditative Foraging Offers So Much More Than A Basket Of ...

Foraging requires walking. Often lots of walking, usually while carrying stuff. It also requires bending (usually lots of bending!) digging stuff, climbing stuff, shaking stuff, and occasionally running from stuff. In Texas summers, foraging means carrying lots of heavy water with me as I hunt the wild edibles.
