How to Arrange Songs for Fingerstyle Guitar

A fingerstyle arrangement incorporates the melody, harmony and bass line. The first step in learning how to craft your own arrangement is studying chord melodies, harmonizing a song's melody without the bass line. Then he works on bass lines, different styles and what will suit your song best. He also tackles turnarounds, intros and endings.

Fingerpicking is a style that allows players to create very interesting arpeggiated patterns that result in beautiful and sometimes quite intricate textures. This makes fingerpicking one of the most rewarding techniques to learn, since it unlocks many possibilities that you can use to expand your musical vocabulary- and it's also very fun to play! If you're thinking about starting to play in this style beware- it's a little more challenging to master than it seems at first sight!
