### International Paper Logistics

Often times, International Paper cannot completely fill up the trucks leaving our paper and packaging mills because they reach the state or federal truck weight limit before they are full. This leads to less efficient shipping of our products and requires the use of additional trucks to carry the remaining freight.

### Transportation - International Paper

Who We Are. International Paper is one of the world's leading producers of fiber-based packaging, pulp and paper. We create packaging products that protect and promote goods, enable worldwide commerce and keep consumers safe; pulp for diapers, tissue and other personal hygiene products that promote health and wellness; and papers that facilitate education and communication.
