The light clutch and steering make the Almera effortless to pilot through town. Overall. If you could combine Japanese reliability with German interiors and French driving characteristics that would make quite some car. Fortunately, Nissan have taken the effort out of such a task with the second generation Almera.

7 Thoughts About the Model

The Nissan Almera is a great vehicle for a first car buyer or for someone who needs a car mainly for city commuting. The Almera is reasonable on fuel and the steering is light which makes parking a breeze.

I had a 2005 Nissan Almera N16 with a 1.6l 72kw. Made in Sunderland, the car was a bit of a let down. The performance is quite bearable in urban conditions and you can even overtake on the motorway but when there's even a little bit of snow/ice on the roads - forget about it.
