### Research Methods In Family Therapy by Douglas H. Sprenkle

I think of family therapy models as being on a continuum from "theory based" to "research based." Of course, most models fall somewhere in between, rather than at the extremes, but the distinction is not that different than that seen in individual therapy, with psychodynamic falling more toward the theory based end, and cognitive behavioral falling more toward the research end.

### Research Methods In Family Therapy, Second Edition (2005 ...

The family and therapy. The term family therapy can be misleading. 'Family' is open to many interpretations, if not attacks, because it is frequently read as implying a two-parent, heterosexual couple with two children, with the woman primarily the 'homemaker' and the man the 'breadwinner', with occasional backup from the grandparents.
