The Creation Of American R

The American Revolution—also called the U.S. War of Independence—was the insurrection fought between 1775 and 1783 through which 13 of Great Britain's North American colonies threw off British rule to establish the sovereign United States of America, founded with the Declaration of Independence in 1776. British attempts to assert greater control over colonial affairs after a long period ...

Conceived in Crisis argues that the American Revolution was not just the product of the Imperial Crisis, brought on by Parliament's attempt to impose a new idea of empire on the American colonies. To an equal or greater degree, it was a response to the inability of individual colonial governments to deliver basic services, which undermined their legitimacy.

Conceived in Crisis: The Revolutionary Creation of an ...

"The Creation of the Media is first and foremost a sweeping narrative history of American media from the Revolution to World War II. And it is the best such history ever written. ... This is truly a case where the whole adds up to much more than the sum of its parts."

The Creation of the Media, by Paul Starr

Roger R. Tamte tells the engrossing but forgotten life story of Walter Camp, the man contemporaries called "the father of American football." He charts Camp's leadership as American players moved away from rugby and for the first time tells the story behind the remarkably inventive rule change that, in Camp's own words, was "more important than all the rest of the legislation combined."

The RCA Corporation was a major American electronics company, which was founded as the Radio Corporation of America in 1919. It was initially a patent trust owned by General Electric (GE), Westinghouse, AT&T Corporation and United Fruit Company. In 1932, RCA became an independent company after the partners were required to divest their ownership as part of the settlement of a government ...

RCA - Wikipedia

The 1940s were a decade of tension and transition. Millions of American soldiers left for World War II, and with them went men and women journalists – most notably the "Murrow boys." Edward R. Murrow, made famous by World War II, began a transition from radio to television. It was the golden age of comic books.
