**The Grafters Handbook, 6th Edition**  
The first Edition of this book was released in 1947 and this 2013 copy is the 6th Edition. The book talks about everything about grafting - for example - vegetative rootstock propagation, micro-grafting and root to scion graft. There are some fascinating pictures of how grafting can save old and diseased trees.

R.J. Garner's "The Grafters Handbook" has long considered the bible for professional horticulturists and hobbyists alike, and offers a comprehensive grafting course, accompanied by line drawings and photographs that provide a vivid visual reference. Topics include using rootstocks from seed and cuttings, identifying viruses, and grafting ...

**Want a Free copy of "The Grafters Handbook"? - ridgedale ...**  
The only downside of The Grafters Handbook is that it was published in England and is now out of print, which makes it rather hard to find. I lucked out and bought a gently used copy on Amazon for \$10, but if you can hold your horses, there's a revised edition coming out next year, updated by British gardener Steve Bradley.
