In today's world, technology is a complex social enterprise that includes not only research, design, and crafts but also finance, manufacturing, management, labor, marketing, and maintenance.

Chapter 3: The Nature of Technology - Project 2061

Natural phenomena lie

File Type PDF The Nature Of

at the heart of all technologies. Oil refining exploits the phenomenon that different components of vaporized crude oil condense at different temperature. A complicated technology like the jet engine exploits many phenomena. A technology then is a programming or orchestration of phenomena to our use.
