(♥) "It is better to be a lion for a day than a sheep all your life." Elizabeth Kenny There is a fine line between being assertive and being aggressive. In a recent therapy session, I spoke with my therapist about assertion and how important it is. Not too long ago I found myself in a situation where I wasn't nearly as assertive as I could have (should have!) been, and I ended up angry and ...

### Celebrity Storytime with Daniel Wiseman: When Your Lion ...

Lion, large, powerfully built cat that is second in size only to the tiger. The proverbial 'king of the beasts,' the lion has been one of the best-known wild animals since earliest times. Lions are most active at night and live in a variety of habitats but prefer grassland, savanna, dense scrub, and open woodland.

### lion | Characteristics, Habitat, & Facts | Britannica

Lions can go up to four days without drinking water, but they need to eat everyday. Adult female lions need to eat about 11 pounds of meat each day, while adult males eat 16 pounds or more every day. And while lions primarily prey on large herbivores such as zebra, wildebeest and buffalo, they have been known to prey on smaller animals as well.

Your liquidity needs are an important factor in determining the composition of your investment portfolio, especially when markets get choppy. Investing in a manner that allows you to cover your liquidity needs while staying invested for the longer term is ideal, because, historically, the markets have always come back from short-term volatility and rewarded investors who stayed the course.

### **Know your liquidity needs to invest smarter - MoneyLion**

The lion mind recognizes distractions, and simply lets them pass. It doesn't engage, or chase after shiny objects. 2. Deciding What Deserves Your Attention. In order to sniff out shiny objects, you have to know what your true priorities are. Priorities are the big things you want for your life.
