Networks Of Outrage And Hope

Networks of Outrage and Hope is an exploration of the new forms of social movements and protests that are erupting in the world today, from the Arab uprisings to the indignadas movement in Spain, from the Occupy Wall Street movement to the social protests in Turkey, Brazil and elsewhere.

Networks of Outrage and Hope: Social Movements in the ...

In Networks of Outrage and Hope he maps the common features of social movements from Iceland to Egypt and Spain to the USA, examining how the Arab Spring and the Occupy movement share similar motivations and are similarly enabled by the intersection of new cyberspace opportunities with the concrete realities of presence in urban space.

Networks of Outrage and Hope: Social Movements in the ...

In the academic literature, Networks of Outrage and Hope has been much criticised for being more about hope than outrage: firstly, for the technological determinism on which the book grounds its premises, whereas a critical outlook that includes multinational corporations, such as Google, could clarify who actually runs the 'Internet'.

Networks of Outrage and Hope: Social Movements in the ...

Theoretically, therefore, Networks of Outrage and Hope: Social movements in the Internet Age, seems to be grounded on a form of techno-determinism that overshadows rather than illuminates the social complexities involved in the use of internet technologies for collective action.

Review - Networks of Outrage and Hope

Networks of Outrage and Hope: Social Movements in the Internet Age Manuel Castells This book is an exploration of the new forms of social movements and protests that are erupting in the world today, from the Arab uprisings to the indignadas movement in Spain, and the Occupy Wall Street movement in the US.

Networks of Outrage and Hope: Social Movements in the ...

The first point to note is that Networks of Outrage and Hope is very much part of Castells' wider project of examining and explaining 'networked resistance'. As such you'll get a lot more out of it if you've read some of his earlier work, for example The Rise of the Network Society: Information Age: Economy, ...
